

Declaration of Freedom
January 19th, 1997 - Renewed for the 105th Congress of the United States

from

- We the People -

to the Government(s) of the

UNITED STATES
(defined in USCS Title 28, 3002, 15)

and those of the several "State of" sub-corporations of the Union

USCS Title 28, 3002, 15 : "United States" means:

- (A) a Federal Corporation
- (B) an agency, department, commission, board or other entity of the United States
- (C) an instrumentality of the United States

When a Government has ceased to protect the lives, liberty and property of We the People, from whom its executive, legislative and judicial powers are derived, and for the advancement of whose happiness it was instituted; and so far from being a guarantor for the enjoyment of those inalienable and unalienable rights, becomes an instrument in the hands of evil doers for their oppression, We the People must respond by demand and by force if necessary.

When the Federal Republican Constitution of their country, which they have sworn to support, no longer has a substantial existence, and the whole nature of their Government has been forcibly changed with or without their consent from a restricted federative republic, composed of Sovereign states, to a Consolidated, Central, Military despotism in which every interest is disregarded, but that of the Government and a Democracy - both the eternal enemies of civil liberty, the ever-ready minions of power, and the usual instruments of tyrants.

When, long after the spirit of the Constitution has departed, Moderation is at length, so far lost, by those in power that even the resemblance of freedom is removed, and the forms themselves of the Constitution discontinued; and so far from the petitions and remonstrances being regarded the agents who bear them are thrown into jails, and the internal para-military armies sent forth to force a new government upon them at the point of the bayonet.

When in consequence of such acts of alfeasonce and abdication, on the part of the government(s), Anarchy prevails, and Civil Society is dissolved into its original elements. In such a crisis, the first law of nature, the right of self preservation, the inherent and inalienable rights for We the People to appeal to first principles and take our political affairs into our own hands, in Extreme cases forms it as a right towards themselves and a sacred obligation to their posterity to abolish such government(s) and create another in its place, calculated to rescue them from impending dangers and tyranny, and to secure their future, property, liberties, welfare and

happiness.

Nations and Governments, as well as individuals, are answerable for their actions to the public opinion of mankind. A statement of a part of our grievances is, therefore, submitted to an impartial World, in justification of the hazardous and unavoidable step now taken of severing our political connection with the United States Government(s) and those people who are in such strong support of it, and assuming an independent attitude among the nations of the earth.

The United States government(s), by its colonization laws, invited and induced the population of its sovereign states to colonize its wildernesses under the pledged faith of a written Constitution, that they should continue to enjoy that Constitutional liberty and republican form of government to which they had instituted in the land of their faith, the United States of America. In their expectations they have been cruelly disappointed in as much as the United States has acquiesced in the late changes made in the government by President's, Legislatures and Judiciary of the United States since 1933 who having overturned the Constitution for Democracy, the country now offers us the cruel alternative to either abandon our homes (personal sovereignty, property, rights and immunities) acquired by so many privations, or submit to the most intolerable of all tyranny, the combined tyranny of the Sword, Communist Socialism and one World Government.

It has sacrificed our welfare to the United States Government(s), by which our interests have been continually depressed through a jealous and partial course of legislations, carried on at a far distant seat of government, by a hostile and uneducated Majority, in an attempt to subdue the Truth from the People and to enslave the population and generations thereafter as commercial chattel, for the Government's own greedy purposes and power of control over.

And this too, notwithstanding we have petitioned in the humblest of terms, for the reestablishment of a Republican form of Government, and have, in accordance with the provisions of the National and state Constitutions, presented to the General Congress, a reaffirmation of our republican Constitution which was, without just cause summarily rejected.

It has incarcerated in dungeons, jails and prisons, for a long time, many of our Citizens, for no other cause but a jealous endeavor to force our acceptance of Democracy, a widely known form of Communist Socialism and mob rule, and the establishment of a unlawful Statutory Law and Government(s).

It has failed and refused to secure on a firm basis, our right of trial by jury of our peers; that palladium of Civil liberty, and only safe guarantor for the life, liberty, and property of the Citizens of the several states.

It has failed to establish a truly free system of Education, although possessed by boundless resources and, although it is an opinion, in political science, that unless a people are Educated and Enlightened in Truth and History, it is idle to expect the Continuance of Civil Liberty, or the Capacity for Self Government.

It has suffered the Para-Military Commandants stationed among us to exercise arbitrary acts of oppression and tyranny; thus trampling upon the most sacred rights of the Citizenry and rendering the Para-Military Superior to the Civil Power.

It has dissolved by unlawful legislation and by force of private para-military armies, the powers of We the People and obliged our representatives to flee for their lives from the Seat of Government, thus depriving us of the fundamental political rights of the representation.

It has demanded the surrender of a number of our Citizens (human beings and personal property) and ordered para-military detachments (FBI, BATF, MJTF and UN Troops and National Police) to seize (the people and their property) and carry them into the clutches of Democracy (the so called Courts of Federal Municipal Jurisdiction under the color of Martial and Admiralty Law) for trial, in Contempt of the Civil authorities, and in defiance of the Laws and of the National Constitution.

It has made unwarranted attacks upon our Commerce by commissioning foreign desperados (Federal Reserve Bank and Board, Internal Revenue Service and the World Bank) and authorizing them to seize our vessels (Gold and Silver) and convey that property of our Citizens to far distant ports for Confiscation.

It denies us the right of Worshipping the Almighty according to the dictates of our own conscience even in our workplace and almost into our homes; by the support of a national removal of religion or worship, calculated to promote the temporal interest of its human disfunctionaries and idolatries, rather than the glory of the true and living God.

It has demanded the Citizens and citizenry to stupidly volunteer or involuntarily deliver up their personal arms; which are essential to our defense, our rightful property of person, and formidable only to tyrannical Governments.

It has invaded our country by Land, Air and Sea, with intent to lay waste our God given Rights and Immunities, our property, liberties and states, and to drive us from our homes; and has now a large para-military and private army (FBI, BATF, MJTF, UN Troops under the guise of Peacekeeping Forces and National Police) advancing to carry on against us a war of extermination.

It has through its emissaries incited their merciless savage, with their public policies, mandates and weapons to massacre the inhabitants of our defended states.

It has been, during the whole time of our connection with it, the contemptible sport and victim of successive para-military, executive, legislative and judicial convolutions, and hath continually exhibited every characteristic of a weak, corrupt, and tyrannical Government.

These and other grievances, were made by We the People, until they reached that point at which forbearance ceased to be an virtue. We then took up arms in our defense of the state and National Constitution(s). We appealed to our governments, legislatures and our brethren for assistance.. Our appeal

has been made in vain. Though months have elapsed, no sympathetic response has yet been heard from the governments of the United States. We are therefore forced to the only conclusion that the United States has undeniably forced the people to have acquiesced in the instruction of the their liberty and the institution therefore of a Communistic - Socialist Government - that they are unfit to be free and incapable of Self Government. The necessity of self-preservation, therefore, now decrees over internal political separation.

By literal contempt, you have maintained that you need to control of the People using Commerce, Taxation, and dishonorable venue of Law in Courts at Law and by other means, you have deprived us all and yourselves of our Freedoms. You have destroyed our happiness, our ability to feed and raise our families, deprived us of our RIGHTS to ABSOLUTE OWNERSHIP of our properties with unlawful Statutory Public Policy and Mandates, serving the "special interests and lobbyists" who come to your door. You have left our homeland defenseless against invasion by placing our Military on Humanitarian and NATO Peacekeeping missions, rather than protecting our borders from further acts of rape, pillaging and plunder by illegal immigrants and aliens.

There are no interests in the Public eye or purvue that demand you to perform these actions other than your incompetent suggestions and decisions for misguided domestic and foreign policy and a will to demoralize, destabilize and obtain absolute control those who are not the wealthy and incapable of standing up for America against you. There is no real representation in American Government of all of the People. You have purposely split the People into "CLASSES" for your agenda of control and greed. The time has come for you to stop. You are purposely causing CHAOS in America and the will of the People, not the Government or the idol rich, will prevail. You continue to remove GOD as the mainstay of our influence as a free people. We the People, therefore, assert our RIGHT, IMMUNITIES and AUTHORITY over YOU, the Government and demand that you cease and desist from futher acts of TREASON.

In the event that you ignore our plea, ignore and become unresponsive to resolving the matters now placed before you in our Petition for Redress of Grievences, We the People, believing in our one true living GOD and exercising HIS WILL and our AUTHORITY over you, intend to take our states and country back, by force if necessary, without any further warning from us. This is where We the People draw the line. Your blood will not be on our hands, according to the LAW of God Almighty.

We the People, will no longer sit on the sidelines while you wreck America and her several states of the Union. You have 90 days from the date of this declaration, in which to resolve the grievences and restore the "Proper" Constitutional Government in the seat of power in Washington D.C.. Refusal to address the grievences outlined will be considered an Act or Declaration of War upon the American People.

We the People, therefore, the delegates with sovereign powers, We the People of the several states, in solemn convention assembled, appealing to a Candid World for necessities of our Condition, do hereby resolve and declare that our political connection with the United States Government(s) and Democracy
